

Philips
CD Soundmachine with
Dynamic Bass Boost

DAB

AZ6000

DAB radio anytime, anywhere

Tune into DAB and FM radio to enjoy a myriad of radio stations in crystal clear digital sound. AZ6000 offers fast, precise tuning through 20 preset stations with a easy joystick control.

Crystal clear digital radio

- Tune into near CD-quality radio stations
- DAB and FM compatible for fully radio experience

Fast and accurate tuning

- Digital tuning with presets
- Autostore Programming for one-touch radio tuning

Rich and clear sound experience

- 4 full-range speakers
- Dynamic Bass Boost delivers deeper, more dramatic bass
- Bass Reflex speakers deliver a powerful, deeper bass

Easy to use

- CD shuffle/program/repeat
- Multi-functional LCD display
- Joystick control for easy navigation

PHILIPS

Technical specifications

Sound

- **Loudspeaker Enhancement:** Piezo
- **Loudspeaker types:** 2-way Bass Reflex Speaker
- **Sound Enhancement:** Dynamic bass boost 2 steps
- **Sound System:** Stereo
- **Speaker diameter:** 4"
- **Output power (RMS):** 2X2W
- **Volume Control:** Volume Control rotary/encoder

Loudspeakers

- **Built-in speakers:** 2

Audio Playback

- **Playback Media:** CD, CD-R, CD-RW
- **Disc Playback Modes:** Fast Forward/Backward, Next/Previous Track Search, Repeat Play, Shuffle Play
- **Loader Type:** Top
- **Programmable Tracks:** 20

Tuner/Reception/Transmission

- **Antenna:** FM Antenna
- **Auto digital tuning**
- **DAB:** Band III, Info display, Menu, Smart Scan
- **Tuner Bands:** FM

Connectivity

- **Aux in:** Line in
- **Headphone:** 3.5 mm

Convenience

- **Display Digits:** 7
- **Display Type:** LCD

Accessories

- **Included Accessories:** AC Power Cord, User Manual, Warranty certificate

Dimensions

- **Packaging dimensions (W x H x D):** 493 x 210 x 314 mm
- **Product dimensions (W x H x D):** 435 x 174 x 263 mm
- **Weight:** 3.3 kg
- **Weight incl. Packaging:** 4.4 kg

Power

- **Battery type:** LR20
- **Battery voltage:** 1.5 V
- **Mains power**
- **Number of batteries:** 6

Product highlights

Near CD-quality radio stations

DAB and FM compatible

DAB (Digital Audio Broadcasting) digital radio is, on top of FM analog transmission, a new way of broadcasting radio via a network of terrestrial transmitters. It provides listeners with more choices and information delivered in crystal clear, crackle-free sound quality. The technology allows the receiver to lock on to the strongest signal it can be found. With DAB digital stations there are no frequencies to remember, and sets are tuned by station name, so there is no returning on the move.

Digital tuning with presets

Autostore programming

Autostore Programming is a convenient feature that allows you to tune in to your favorite stations and set station presets by simply pressing a button. Autostore Programming does away with the hassle of manual radio station tuning and setting of presets. A built-in electrical circuit automatically scans local radio station frequencies, locks on to the strongest radio station signals, and assigns them to specific presets.

4" full range speakers

Dynamic Bass Boost

Dynamic Bass Boost maximizes your music enjoyment by emphasizing the bass content of the music throughout the range of volume settings - from low to high - at the touch of a button! Bottom-end bass frequencies usually get lost when the volume is set at a low level. To counteract this, Dynamic Bass Boost can be switched on to boost bass levels, so you can enjoy consistent sound even when you turn down the volume.

Bass Reflex Speaker System

Bass Reflex Speaker System delivers a deep bass experience from a compact loudspeaker box system. It differs from a conventional loudspeaker box system in the addition of a bass pipe that is acoustically aligned to the woofer to optimize the low frequency roll-off of the system. The result is deeper controlled bass and lower distortion. The system works by resonating the air mass in the bass pipe to vibrate like a conventional woofer. Combined with the response of the woofer, the system extends the overall low frequency sounds to create a whole new dimension of deep bass.

CD shuffle/program/repeat

Multi-functional LCD display

Joystick control
